

Hey trailblazing researchers and collaborators! Grab a cuppa and look at what TYPPEX have been up to!

## NEWS

- Dr Thomas Kabir, our co-applicant representing the McPin Foundation, has moved to a research position at the University of Oxford. Thomas has continued to support the programme, and Roya Kamvar is now the key representative for McPin on the team. Dr Vanessa Pinfold (McPin co-founder) has also taken an active role in ensuring our partnership with McPin continues to flourish.

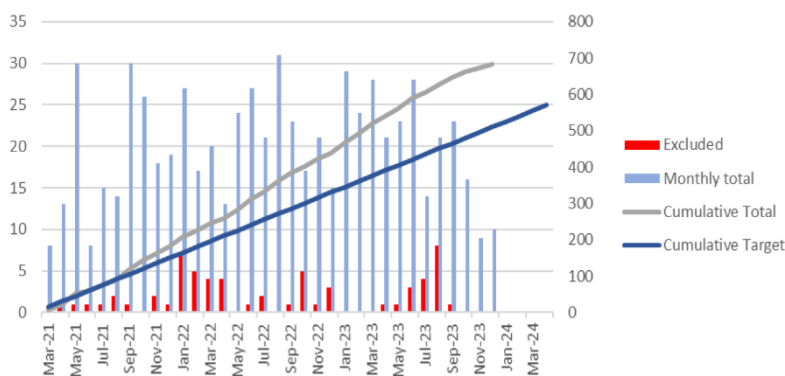

## Special Acknowledgment

Dr Hannah Murray, our collaborator and grant co-applicant at the University of Oxford, sadly passed away in December 2023. Hannah was involved in the development of the CBT-ts intervention earlier in the programme. She continued to provide valuable advice and support during the trial and will be greatly missed.

## PRIMARY OUTCOME RECRUITMENT

Check out our primary outcome recruitment graph from the March 2024 TYPPEX PSC report.

TYPPEX WP4 Monthly Recruitment (CAPE+1.47)

## FUTURE OF TYPPEX

As we have reached the end of recruitment, we would like to update you on progress and future steps.

### Primary outcome: recovery

End of recruitment: 30th April 2024

Final cut of CAPE data from each Trust will be received

Data cleaning and database locking

Data analysis by trial statisticians team at NCTU

### Secondary outcomes: Health Economics

End of patient follow-up: 31st October 2024

Data cleaning and database locking

Data analysis by HE team at London Kings College

## CAMBRIDGE FESTIVAL 2024

The TYPPEX team attended the 2024 Cambridge Festival on 16th March for the CAST Day. TYPPEX was the only mental health project on that day. We presented the goals of the programme and aimed to break the stigma surrounding psychotic experiences by demonstrating their universality through illusion games. Our 3D illusion animals and the hollow Einstein mask were a major success, and it was heartening to see so many people actively seeking us out and engaging in conversations with us. Check out the recap video on our X account (@TYPPEX\_Prog) or read the blog post on our website for more details!

## SPOTLIGHT ON...THE WEBSITE!

Our recently revamped TYPPEX website is now live. Check it out!
